

2015

Eye Health Program- Rapti & Kapilbastu, (Rapti Eye Hospital, Lamahi Eye Hospital, CKNEH-Bahadurgunj) ANNUAL REPORT- 2015

The Norwegian Association of the
Blind and Partially Sighted

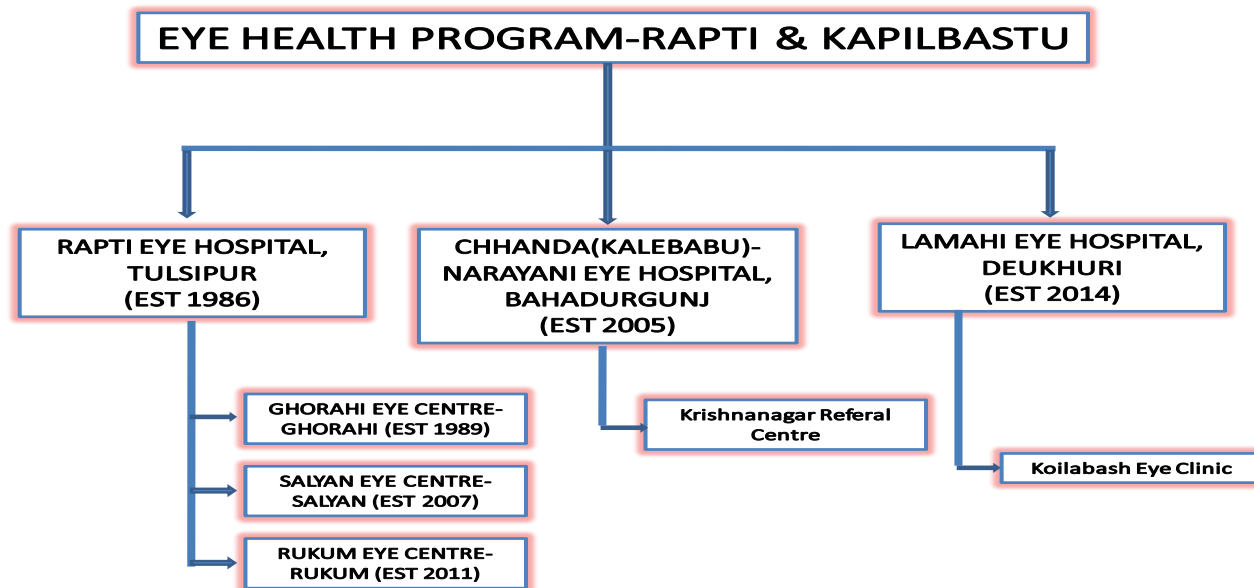

NNJS/NABP
**CHHANDA (KALEBABU)-NARAYANI EYE
HOSPITAL
BAHADURGUNJ, KAPILVASTU
MASTER-PLAN**

EYE HEALTH PROGRAM-RAPTI AND KAPILBASTU

It has been providing curative, preventive and pro-motive eye health service in five districts of Rapti Zone (Dang, Salyan, Rukum, Rolpa and Pyuthan) and one district of Kapilvastu, (Rupandehi); two hospitals in Dang, namely Rapti Eye Hospital & Lamahi Eye Hospital, one hospital in Bahadurgunj, Kapilvastu namely Chhanda (Kale Babu) Narayani Eye Hospital, three eye care centres each in Ghorahi, Salyan and Rukum, one weekly clinic in Koilabas, and one referral centre in Krishnanagar.

To streamline the hospitals, eye care centres and referral centre for common goal and objective, Hospital Management Committee has recognized **Rapti Eye Health Program-Rapti & Kapilbastu** as a governing body.

Objective

The objective of eye health program is to sensitize and make aware of eye health education, cause and elimination of avoidable blindness, curative, preventive, pro-motive and rehabilitative program.

Target Groups/Beneficiaries

- Blind
- Low vision and partially sighted person and
- General peoples

Institutional Target

- 50 bedded Rapti Eye Hospital, Tulsipur, Dang.
- 50 Bedded Lamahi Eye Hospital, Deukhuri, Dang.
- 100 Bedded CKNEH-Bahadurgunj, Kapilbastu.
- And Its satellite Eye Cetnre and Clinics

Major Activities

- Conduct outreach activities, eye camps, screening camp, pick up camps in remote, rural areas of Rapti Zone, Kapilbastu District and other neighboring districts.
- Sensitize and aware on eye health education among the community people and school children.
- Eliminate the main cause of avoidable blindness.
- Improve the performance of technical and administrative staff members by providing them continuous education and training opportunities.

SERVICE AREAS

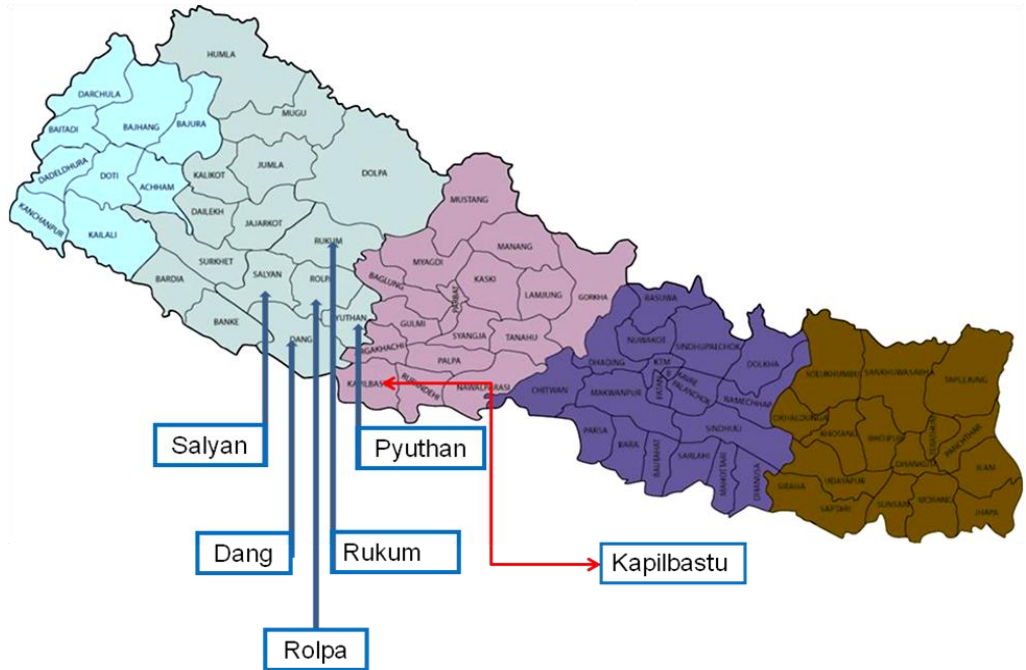

Eye Health Program- Rapti & Kapilbastu has been providing eye health service in five

districts of Rapti Zone and one district of Lumbini Zone. There are 1.47 million

Populations in Rapti Zone, .57 million

populations are in Kapilbastu District, they are benefited with the service of eye health program-Rapti & Kapilbastu. In addition to Nepalese

population, Indian patients from UP, Bihar are benefited by eye health program.

HOSPITALS/PECC UNDER EYE HEALTH PROGRAM

1. RAPTI EYE HOSPITAL

Rapti eye hospital is located in Raksyachaur-2, Tulsipur, Dang, Rapti zone which is in the mid-western region of Nepal and has a population of 1.4 million. According to the Nepal Blindness Survey in 1981 the prevalence of blindness in this zone was 0.87% and in 2010 (RAAB Survey) it was 0.13%. Rapti Eye Hospital is 50 bedded eye hospital which was established in 1986 in partnership of Social Welfare Council & Nepal Netra Jyoti Sangh with the support of Norwegian Church Aid (NCA), Norway. Later in 1996 a dialogue was held between NCA & NABP (Norwegian Association of the Blind and Partially Sighted) investigating the possibilities of NABP taking over NCA's role as funding partner to the Rapti Eye Hospital, Dang. **NABP** showed interest not only in maintaining the previous eye care activities at the Hospital, but also in expanding activities in the field of Training/Rehabilitation of blind and partially sighted. **NABP** took over the role of NCA as funding partner to Rapti Eye Hospital, Dang on 1st January 1998 to 2011 and extended its support to Eye Health Program II, Lamahi from 2012.

2. LAMAHI EYE HOSPITAL

Lamahi Eye Hospital was started in 2002 in Deukhuri, Dang as a weekly satellite clinic of Rapti Eye Hospital. Later in 9th September 2009, it was upgraded to Primary Eye Care Centre with an objective to upgrade it as a full fledged hospital. This objective was soon fulfilled with the financial support of NABP and needful land (2.88 acre) support at free of cost by Town Development Committee, Lamahi. The foundation stone laying ceremony was held in 23rd Nov 2010. The construction work was completed in 2012 and eye service was started from own building from 2013. Later, the building was inaugurated in 2014 as a full fledged hospital. It has big catchment area; aiming to provide eye health service to the people of Rolpa, Pyuthan, Arghakhachi districts and part of Banke district. The Lamahi Eye Hospital is centrally located between CKN Eye Hospital, Bahadurgunj and Rapti Eye Hospital, Tulsipur.

3. CHHANDA(KALEBABU)-NARAYANI EYE HOSPITAL

NNJS-Rapti Eye Hospital and NAB-Rehabilitation program were jointly working for the curable and incurable blind in Rapti since 1998 with the support of NABP-Norway. After phase out from Rapti, NAB-Rehabilitation program was started in Bahadurgunj of Kapilbastu District in 2004. The eye care and rehabilitation service for curable and incurable blind was good experience for NNJS and NAB. Hence, NNJS-Rapti Eye Hospital had decided to start a referral eye centre jointly with NAB-Rehabilitation Program in Bahadurgunj Kapilbastu in 1st December 2004. The main objective of the centre was to manage eye service to the curable blind. NAB-Rehabilitation program had conducted door to door survey and found near about thirteen thousand curable blind in Kapilbastu. The survey work and finding of curable patients in Kapilbastu encouraged to NNJS-Rapti Eye Hospital to upgrade it into a surgical centre. Previously it was started in a rented house in Krishnanagar and later shifted to a rented building and land in Bahadurgunj as a Surgical Eye Care Centre. Gradually, the number of Nepali patients as well as Indian patients started to increase in the centre. The service provided by this centre and satisfaction of patients has supported to convince Ms Narayani Shah, owner of land and building to donate land to upgrade this centre as a full fledged hospital. She donated 1.41 acre land to centre on 5th September 2012. This centre has been recognized as Chhanda (Kalebabu)-Narayani Eye Hospital, Bahadurgunj from central NNJS and honored to Ms Narayani Sha. The foundation stone laying ceremony was held on 15th July 2014.

4. GHORAH EYE CENTRE

It was established in 1989. It is situated within the premises of Sub-Regional Hospital at Ghorahi, Dang. The building was constructed by local donor. He was blind and donated this building for eye care service. There are two full time staffs and one temporary staffs providing eye care service. Weekly surgery was started from 1st March 2008. Nepal Government is providing partial financial support to this centre.

5. SALYAN EYE CENTRE

This center was established in 1st January, 2007 at Khalanga of Salyan District. Nepal Red Cross Society of Salyan had supported in Eye Centre in Red Cross Building, Khalanga,

Salyan from 2007 to May 2012. In June 2012, this centre was shifted to Shreenagar, Salyan to make easy access for the patients. Nepal Government is providing partial financial support to this centre.

6. RUKUM EYE CENTRE

This center was established at Musikot, Rukum in 2011. The population of Rukum District is more than .2 million and has benefited by this centre. At present this is running at a rented house of the Nepal Red Cross Society, Rukum. Nepal Government is providing partial financial support to this center.

Total	187	203

Eye Health training was conducted with the support of National Eye Health Program of CNNJS. In 2015, training program focused more on FCHV (health cadre), Mothers Group (social worker) and Drug Retailer (health care provider) only. It was targeted to provide eye health training to 187 health personal and volunteers, whereas it was provided to total 203 people (Male 20% / Female 80%). In overall target was achieved by 109%.

EYE HEALTH EDUCATION/SCREENING CAMP/SURGICAL CAMPS/AWARNESS PROGRAM

Eye Health Education/Screening Camp/Surgical Camps/Awarness activities	Target for 2015	Total
School Eye Health education In 50 Schools	15000 students	18,735
Total Eye health screening at Schools	20 Schools	21 Schools
Total School Eye Health Education in Schools	50 schools	52 Schools
Free Surgical Eye Camps	5 Spots	9 Spots
Pick-up and Screening (DST) Camps-	50 Spots	70 Spots
Total awareness campaign	5 places in five district	12171 7 Place

School Eye Health Education was targeted to provide 15000 students but provided to 18735 students.

Free eye check up was conducted in 21 schools (target was for 20 schools) where 7,571 students got their eye examined (Boys 46% / Girls 54%). Among them 384 students were prescribed glass which was provided to them free of cost with the support of central NNJS.

Screening camp (DST) and Pick up camps was targeted in 50 spots but conducted in 70 spots. The number of patients in screening and pick up camp was 11753 (male 38 % / female 62%)

Free surgical camps were conducted in 9 places (Purandhara of Dang, Gharti Gaun and Holeri of Rolpa, Sallibazar and Sitalpati of Salyan, Lung and Bangesal of Pyuthan, Chaurjahari and Salle of Rukum) where 5,209 patients got free treatment (Male 36% / Female 64%) Among them 812 patients got free cataract surgery (Male 46%/Female 54%)

Conducted awareness and advocacy program at Rukum District at “Dikre Sai Kumari Mela” with the support of National Eye Health Program through Central NNJS. It is kind of ritual festival where many people (more than 100 thousand) gathered for worship God. The team had distributed leaf let with eye health message, broadcasted message through micking. This has been good experience for us that such kind of advocacy has supported to make access of patients in centre as well as free surgical eye camp

OUT REACH ACTIVITIES- 2015

Free surgical eye camps and outreach activities were not able to conduct as per planned schedule due to massive earthquake, frequent strikes called by different political parties and blockade by agitating groups. But we were able to complete the target after the situation got normalized. The free surgical eye camps were targeted in 5 spots but conducted in 9 spots; similarly the screening camps (DST) were targeted in 50 spots but conducted in 70 spots.

39) 16th November to 25th November, 2015 Training of Trainers (TOT) for Ophthalmic Assistant in India.

A training on optical dispensing training-Training of Trainers (TOT) with the support from WHO was organized at Bosch and Lomb School of Optometry , LV Prasad Eye Institute, Hyderabad India. This training was supported by IABP. Mr, Opendra Chanda, Ophthalmic Assistant had participated the training.

40) 16th November to 1st December, 2015 Phacoemulsification Training in India.

Two weeks Phacoemulsification training in Arason Eye Hospital, Erode was provided to two Ophthalmologists (Dr Jenu Sainju and Dr, Monica Karmacharya) from Rapti and lamahi. Phaco service has been started in all three hospitals.

41) 24th November, 2015 Meeting with Medical Superintendent Dr. Manisha Rawal at DHO Salyan,

Meeting with District Health Office, Salyan. Mr, Surendra Khadka, Secretary of NNJS-Dang Branch, Dr Manisha Rawal, Medical Superintendent of DHO Salyan, Mr, Keshav Budhathoki, Coordinator of Salyan Eye Centre coordination committee, Mr, Salik Ram Gautam, outreach coordinator, Mr, Sartaj Husain, centre in charge of Salyan Eye Centre were present in the meeting. Mr, Budhathoki and Gautam had briefly presented the activities done by centre as well as the plan and activities of

Rapti Eye Hospital. The meeting was focused on built of coordination and coordination regarding the care of eye patients.

42) 25th November, 2015 Meeting with Medical Superintendent Dr. Chhitij Sapkota and Dr. Man Bdr K. C. at DHO Rukum.

Next Day on 25th November, another meeting with DHO at Rukum held between the Rapti Eye Hospital team and DHO. In the meeting Dr, Chhitij Sapkota and Dr Man Bdr KC from DHO Rukum, Mr, Siva Ram Khatri, coordinator of Rukum eye centre coordination committee, Mr, Surendra Khadka, Secretary of NNJS-Dang Branch, Mr, Salik Ram Gautam , outreach coordinator, Mr, Niranjan Gaire, centre in charge of Rukum Eye Centre were present. Mr, Khatri and Mr, Gautam had briefly presented the activities of eye centre and plan and activities of Rapti Eye Hospital.

43) 25th November, 2015 IEC Material Exhibition and Awareness Campaign Program at “Digre Sai Kumari Mela”, Rukum,

Conducted awareness and advocacy program at Rukum District at “Dikre Sai Kumari Mela” with the support of National Eye Health Program through Central NNJS. It is kind of ritual festival where many people (more than 100 thousand) gathered for worship God. The team had distributed leaf let with eye health message, broadcasted message through micking. This has been good experience for us that such kind of advocacy has supported to make access of patients in centre as well as free surgical eye camp. People were provided eye health education, message on eye health service and Common eye diseases like Cataract, Glaucoma, Trachoma, Trauma, Refractive Error and Squint. In the awareness campaign, Mr. Surendra Bdr Khadka Secretary NNJS Dang, Mr. Salik Ram Gautam ORC, Mr. Jas Raj B K AA, Mr. Niranjan Gaire OA, Mr. Palsing Oli, Mr. Man Bdr Oli and Mr. Maniram Chaudhary were actively participated.

44) 7TH- 9TH December, 2015 Meeting with NABP Delegates, meeting with consultant engineer.

Meeting with NABP-Delegates regarding the matter of eye health program. On next day, a meeting was held with consultant engineer regarding the development of construction work of Bahadurgunj.

45) 14th December, 2015 Meeting regarding new eye care centre in Rolpa.

As per the long term plan of Eye Health Programme- Rapti and Kapilvastu in connection to start the new eye centre in Sulichaur of Rolpa and Chaurjhari of Rukum district a team of NNJS executive members, hospital management committee members and hospital staffs had frequent discussion meeting with

concerned authorities by visiting in concerned district. As per NNJS strategy and objective of Vision 2020, the access of eye health service will be expansion as well as referral system in the hospital will increase to eliminate the avoidable blindness.

46) **24th December, 2015 Ward Level Meeting**

Rapti Eye Hospital had presented plan and proposal to District Development Committee through ward level meeting. Outreach coordinator had participated and presented the Activities and Plan of Rapti Eye Hospital. Near about 300 person from different filed I,e civil society, political cadre, health personnel, volunteers were gathered in the planning meeting.

OTHERS

1. In order to make awareness, and to disseminate the information on eye health service to general people and eye patients, a regular eye health messages were broadcasted through local FM Radio of Lamahi (4 Radios), Ghorahi (1 Radio) and from Tulsipur (1 Radio). This has presented a good output in terms of increasing patients in hospitals as well as reduction of blindness by early treatment.
- 1 Start e-health service in Rapti. Eye Care Centres (Ghorahi, Salyan and Rukum) are provided computer with internet facilities in order to make the communication system stronger than previous year. Patients can take advice of ophthalmologist through e-health service. (computer software i.e vibre or skype)
- 2 Start of sub-specialty service like oculoplasty in Rapti and Bhadurgunj, phaco service in all three hospitals will be major source of internal income for hospital. This will lead toward long term sustainability.
- 3 Two doctors (Dr Santosh Subedi from 19th July 2015 and Dr, Kumudini subedi from 18th November 2015) have completed MD ophthalmologist in this year 2015 and have joined Rapti and Bahadurgunj. Eye health program – Rapti and kapilvastu has developed human resource for its long term sustainability.
- 4 As per the plan of purchasing important equipment/instrument and vehicle for hospitals following equipment/instrument and vehicle was purchased:
 - a) Yag lazer, Slit Lamp, Oculoplasty and A Scan for Rapti Eye Hospital
 - b) Autorefractometer and Slit lamp for Lamahi Eye Hospital
 - c) Oculoplasty set, Yag lazer and 50 KVA Kirloskar Generator for Chhanda (Kalebabu) Narayani Eye Hospital, Bahadurgunj
 - d) 2 Mahendra Pick up Jeep
- 5 Land at free of cost, needful furniture were managed for Rukum Eye Centre by volunteers and management team of Rukum Eye Centre.
- 6 As of 2014, regular Hospital Management Committee Meeting and Administrative Management Committee meeting also conducted in 2015.

SUCCESSFUL STORY

NEW VISION CHANGED MY LIFE FROM HELL TO HEAVEN.

One day a local person of Lamahi Mr. Santu Ram Chaudhary saw an old man inside a empty drainage pipe. He was very old with shabby cloth, long hair and nails. When he approached near him he smelled very badly. Mr. Santu Ram Chaudhary soon figured out that he was completely blind with both eyes. Mr. Santu Ram took him to his home, helped him to improve his personal hygiene and asked him about his personal life.

He was Mr. Tulsi Ram Chaudhary. He was born on 1933 in Mohanpur, Kailali district (far western region) in a bonded labour family with two siblings. His parents were died when he was very young. Being born in a bonded labour family he also spent his most of the life as a bonded labour serving other people. He was married but his wife got seriously ill soon after their marriage. He tried to save his wife's life taking Rs. 12,000 loan from his master but unfortunately she died. Later he was migrated from Kailali to another district Lamahi, Dang. Later as he became blind and gradually he became unable to do work, his master refused to keep him in his home. He had no option other than to beg to survive and stay in an empty drainage pipe lying by the road side since he had no family to support and a shelter to live in. Many people started to behave him as an insane.

After getting known the story of Mr. Tulsi Ram Chaudhary, Mr. Santu Ram Chaudhary realized that Mr. Tulsi Ram had to go all these trouble because of his blindness hence he decided to get him checked in the eye hospital. He took him to Lamahi Eye Hospital. Mr. Lal Bahadur Chaudhary a Ophthalmic Officer of the hospital checked his eyes and found that he was blind due to cataract. Since Mr. Lal Bahadur was also from Tharu Community, he could communicate with Mr. Tulsi Ram in their native language, this made Mr. Tulsi Ram very comfortable to communicate and tell his problem. Dr. Jenu Sainju, a female Ophthalmologist of the hospital operated his one eye. The operation was successful. After

the surgery for the first time after a long time when he saw everything very clearly, he was crying with joy. There was no bound of happiness seen in his face. He was expressing his gratitude to everybody in the hospital. He told that after the surgery he came out from the hell. Days before surgery he was refused to get shelter in old age home due to blindness. After getting new vision, he got shelter in the old age home. Again his next eye was operated in Rapti at free of cost with the support of NABP-i-care. **“I have got new vision and new home, very thankful to all people who helped me to change my life from hell to heaven”-Said Tulsi Ram Chaudhary.**

operated in Rapti at free of cost with the support of

There are hundreds of Tulsi Ram Chaudhary in Nepal who have been compelled to spend their life in dark, depriving with a small, costing not very expensive surgery. The Eye Health Programme Dang and Kapilvastu, for a long time is rendering comprehensive eye care services to such patients, through hospitals those who reach to hospitals by any means or getting in their places through free eye camps. International donors, mainly NABP Norway and national donors are contributing Eye care programme Rapti and Kapilvastu for this noble cause.
